

Interested in Becoming a Nutrition Educator with the University of California Cooperative Extension?

TO APPLY: For more information or to apply search for requisition No. 20160639 on the UC Office of the President Jobs website: <https://jobs.ucop.edu/applicants/Central?quickFind=60024>

My favorite part about being a nutrition educator is seeing student's facial expressions when they try a new food and they love it! *María*

I enjoy working with the youth and adults in our community because you have the ability to encourage them to make healthy food choices. It's gratifying to see how a taste test can have a positive impact on a child's or adult's perspective on trying new healthy foods. *Marina*

I enjoy my job because, I love working with children, flexible hours, helping the community to healthier behavior changes in their lives. Also, work with school staff, agencies that have the same goals in healthy families, best of all working with a great team environment. Thank you—*Grilda*

I enjoy teaching my adults students very much. I teach how to make their favorite recipe and change it to make it a healthier recipe. I believe I am changing my community one recipe at a time. Thanks—*Alice*

"The University of California is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy.

As of January 1, 2014, ANR is a smoke- and tobacco-free environment in which smoking, the use of smokeless tobacco products, and the use of unregulated nicotine products (e-cigarettes), is strictly prohibited."
