

The UC Davis Department of Viticulture and Enology Extension Team will be On the Road in Kern County on Wednesday, April 10th! Speakers include: David Block, Akif Eskalen, Matthew Fidelibus, Ben Montpetit and Tian Tian.

New Department of Viticulture & Enology Chair, Ben Montpetit, will be providing an overview of the Department. Following this, attendees will have the opportunity to interact with the presenters so that we can better understand how you want to receive information, and what types of information you want to hear. We welcome feedback with respect to the future of Extension. This is your chance to be heard!

On The Road programs are educational seminars that help the Department of Viticulture and Enology communicate with the California grape and wine industries by bringing faculty to different regions of California. We present relevant research from UC Davis and, at the same time, listen to the issues that are important to grape growing and winemaking professionals.

We would like to thank Tian Tian (Area Viticulture Advisor, Kern County) for her support and guidance with this program.
